

Team / University: UKCAstranova / University of Kent - UPDATED

Section	Major	Minor
Requirement Compliance		
Launch Vehicle Manufacture		Please ensure you add the launch lugs to the openrocket sim, and that there is one at or just below the centre of mass, and another at the base of the rocket.
OpenRocket Simulation		
Recovery System Assembly		We have sent over your recovery system for RSO approval, specifically the flash paper. If they aren't happy then there will be blackpowder available as a substitute so please be prepared for this eventuality.
Recovery System Demonstration		
Structural Tests		
Launch Vehicle Decoration		Looking forward to some stickers!
Rideshare Payload Manufacture		
Rideshare Payload Code		

Rideshare Payload Tests		
The Customer's Payload		
Competition Day Procedure		
Other Critical Tasks		
Totals		
Overall Grade	PASS	
Comments	Thanks for the additional information, looking good. We may be in touch further about your recovery system if our RSOs ask for anything.
